

Identity Protection That Works for You

Every 2 seconds, someone in the U.S. becomes a victim of identity theft. Identity theft can drain your savings, damage your credit and ruin your reputation. That's why your employer is offering IdentityForce identity protection as part of your benefits. Protect your hard work. Protect yourself.

IdentityForce is an industry leader in identity, privacy and credit protection. We've protected the U.S. government and millions of people for over 40 years. You can trust us — at IdentityForce, we protect what matters most.

Monitor

As carefully as you plan for the unexpected, it is impossible to anticipate the theft of your identity, credit, or personal information.

Give IdentityForce that responsibility. Innovative technology and ongoing monitoring keep your personal information and identity secure.

Control

You insure your home, cars, and health. Your credit and personal information is even more at risk of unexpected disaster.

With our protection, you are in control. Know and improve your credit score, protect your personal information online and keep your keystrokes, PIN numbers, and credit card information safe.

Alert

Millions of people have their identities stolen each year with financial losses close to a whopping \$50 billion. On a more personal level, that is 1 out of every 4 adults, averaging losses of \$3,500.

That is devastating damage. IdentityForce provides an early warning system with prompt notification on your computer, phone or tablet — allowing you to take action before the damage is done.

Recover

If your information is compromised, what is the next step?

Certified Protection Experts offer comprehensive, 24/7 recovery services. Let us do the work for you. We make the calls, complete the paperwork, and handle every detail in restoring your identity. Plus, our \$1 Million Identity Theft insurance coverage gives you an additional layer of protection.

IdentityForce.
A Sontiq™ Brand

Easy to Enroll

1. Enroll along with other voluntary benefits through your employer.
2. Receive confirmation email. If you do not receive the email, please check your spam folder.
3. Click on link in confirmation email to complete registration and access your Identity Protection Dashboard.
