Financial Protection For When Cyber Incidents Happen

Your business is protected by strong cybersecurity tools and your trusted IT partner.

But even with the best prevention, cyber incidents can still happen.

Cybersecurity tools help stop attacks. Financial protection helps your business recover.

Cork Protect provides a **financial safety net** ensuring you can respond, recover, and keep operating, without unexpected costs, cash-flow disruption, or downtime.

Immediate funds to ease your worry

When a cyber incident hits, the real damage often isn't the attack itself; it's the cost of recovery.

This financial protection service ensures:

- **No headache of out-of-pocket recovery cost**
- **Minimal downtime**
- **Fast recovery without financial strain**

Built to cover the most common (and costly) incidents

Cork Protect covers real-world cyber events including:

ACH & Wire Transfer Fraud
Funds lost to fraudulent transfers

SMS & Gift Card Fraud
Social engineering and impersonation scams

Incident Response Labor
Coverage for investigation, remediation, and billable response hours

Cyber Insurance Deductibles
Covers the deductible your insurance requires you to pay

Smaller or Excluded Incidents
Events falling below insurance thresholds or outside coverage

Instant Access to Funds
Fast financial support for instant help, not weeks later

Cork Protect vs. Cyber Insurance
(and how they work together)

	Cork Protection	Cyber Insurance	Together
Funding speed	Instant	Weeks/months	Cork Protect pays immediately; insurance handles larger loss
Small/common incidents	Covers or offsets deductible events	Deductibles can be $5,000–$25,000+ out of pocket	Cork Protect deductible coverage reduces out-of-pocket burden
Claims Process	Often covered (malware, misconfigurations, small breaches)	Often excluded or below deductible threshold	Cork Protect covers everyday incidents, helping you avoid unnecessary insurance claims
Deductible coverage	Simple, automated, handled directly with your MSP	Formal, documentation-heavy, carrier driven	Cork Protect bridges the gap while insurance processes
Best suited for	Fast, operational recovery, financial buffer & cash protection	Large-scale, high impact losses	Full-spectrum protection: financial + catastrophic
